

STARN · O'TOOLE · MARCUS & FISHER

A LAW CORPORATION

Our Power is Our People, Our Clients Are Our Purpose.

At Starn O'Toole Marcus & Fisher, we believe exceptional client service starts with people who care about their work and support each other.

For more than 30 years, our firm has earned a reputation for sophisticated legal work and responsive representation while building lasting relationships throughout Hawaii's business community and beyond. What matters most to us, however, is the team behind that reputation.

What makes our firm special is the way our people come together. Colleagues are quick to help when needed, ideas are shared freely, and people genuinely enjoy working alongside one another. We believe that positive environment carries through to the service we provide our clients every day.

Our team spends a great deal of time together — handling challenging matters, mentoring younger professionals, and connecting outside the office through workshops, dinners, summer picnics and community events. Those relationships create a strong sense of trust and camaraderie throughout the firm.

Each lawyer, paralegal, administrative professional and support staff member plays an important role in the firm's success and in helping us deliver the high level of service and results our clients expect from us. We would like to sincerely thank our entire team for the dedication, professionalism and Aloha they bring to the firm every day.

We are honored to be recognized as one of Hawaii's Best Workplaces and grateful to the people who make Starn O'Toole Marcus & Fisher the firm it is today.
